

BERK KARABEYOĞLU

Full Stack Developer | React, Next.js, TypeScript | UI-Focused | Open to Relocation

Summary

Results-driven Full Stack Developer with 5+ years of experience delivering modern, high-performance web applications using React.js, Next.js, Vue, and TailwindCSS. Passionate about building clean, pixel-perfect UIs and seamless user experiences, with a solid foundation in Java, microservices, and SQL for effective full-stack collaboration.

Work Experience

Full Stack Developer | Mall Logistics, Remote | Jul 2026 – Present

- Developing the store side of a loyalty program for shopping malls using React Native for mobile.
- Building mall and store management interfaces on the web using React.

Software Engineer | DepoDone, Remote | Nov 2022 – Mar 2025

- Developed and maintained responsive web interfaces using React.js and TailwindCSS.
- Built user/admin dashboards using Vue3 and Vuetify.
- Designed database tables and developed CRUD services using Java, microservices, and SQL.

Junior Software Developer | EMakina.TR / EPAM Systems | May 2022 – Oct 2022

- Delivered frontend components for a CMS platform using React.js and JavaScript.
- Built dynamic data tables and logic-heavy UI sections based on client requirements.

Software Developer Intern | Akartas Holding | Feb 2021 – Mar 2021

- Assisted in designing mobile interfaces with React Native.
- Worked on basic UI layouts for the company website and mobile prototype.
